ABOUT ME

I'm a seasoned JAVA Developer with 2+ years of experience in designing and implementing Java-based applications. I'm dedicated to delivering high-quality solutions and staying updated with industry best practices.

EDUCATION

- 2015-2019
K.S.Rangasamy College of Technology
Bachelor of Engineering in Mechanical
CGPA: 7.20/10
- 2014-2015
Adharsh Vidhyalaya Hr. Sec. School
Higher Secondary School
Percentage : 76.33%
- 2012-2013
St.Anne's Matriculation School
SSLC Schooling
Percentage : 84%

SKILLS

- Java Advanced
- Javascript
- Html
- Css
- Git
- Spring Boot
- SQL
- Eclipse
- Bootstrap

LANGUAGES

- English
- Tamil

PROFESSIONAL DEVELOPMENT

SLA INSTITUTE (SEP2023-JAN 2024)

JAVA PROGRAMMING COURSE CERTIFICATE

- Object-Oriented Structures
- Algorithms
- Programming Data

EXPERIENCE

Ardhas Technology India Pvt.LTd, (Currently working)

Associate Software Developer | 2021

- Designed and develop high-volume, low-latency applications for mission-critical systems and delivered high-availability and performance
- Create visually appealing and responsive web interfaces using HTML, CSS, and JavaScript.
- Develop server-side logic and interact with databases to manage data.
- Build and maintain APIs for seamless communication between front-end and back-end.
- Implement security measures, conduct testing (unit, integration, browser), and optimize code for performance.
- Collaborate with teams, communicate progress effectively, and maintain clear code and project documentation.

BTS InfoTech

Web Developer (Inter) |2021 (06/2021 - 08/2021)

- Formulated and defines system scope and objectives through research and fact-finding to develop or modify moderately complex information systems.
- Implemented the product's lifecycle: Design, development, quality, deployment, and maintenance.
- Developed and adhere to best practices for developing applications.
- Continuously contribute to team performance improvement and collaboration.

Roles & Responsibilities

- Design, code, and test Java applications.
- Collaborate on software architecture and design.
- Optimize code for performance and security.
- Integrate with databases and conduct testing.
- Maintain documentation and stay updated with Java technologies.
- Provide support, troubleshoot issues, and assist with deployment.
- Utilizing Hibernate framework for object-relational mapping and database operations in Java applications.

Project

Online Bookstore Management System

Description
Developed A Web-Based Bookstore Management System Using Spring Boot, MySQL, And Thymeleaf. The Application Allows Users To Browse Books, Add Them To The Cart, And Complete Purchases Securely.

Technologies Used
Spring Boot, Spring MVC, Spring Data JPA, MySQL, Thymeleaf, Bootstrap.

Key Features

- Designed A Responsive User Interface With Thymeleaf Templates And Bootstrap.
- Implemented CRUD Operations For Managing Books, Categories, And User Orders.

Challenges And Solutions

- Ensured Data Integrity And Consistency By Implementing Transaction Management With Spring Data JPA.
- Optimized Database Queries And Improved Performance By Implementing Hibernate Second-Level Caching.
